California license # C-21039, 1990

I have been a practicing licensed architect in the Bay Area for the past 20 years. My experience spans from campus planning to corporate headquarters to residential projects. I have been the senior architect and project manager for many major projects and have overseen teams of varying sizes. I have the ability to draft and model in 3-D AutoCAD and have Revit 2009 experience.

## EXPERIENCE

---

### **Tannery Artist Lofts, Phase I**

*Santa Cruz, CA*

180,000 s.f. two 4-story buildings with 100 live/work apartments built on a 150 year old leather tannery site. The design was to blend in with the existing historical building on the site. \$28 million  
2010 CRA award for excellence

### **Solectron World Headquarters**

*Milpitas, CA*

505,000 s.f. nine building office/manufacturing complex located on a 33 acre site. Project was completed one month ahead of schedule. \$35 million

### **SCU Rickard Observatory**

*Santa Clara, CA*

7,000 s.f. remodel of a historical observatory on the Santa Clara University Campus. The project was a voluntary seismic upgrade to a brick building. \$1 million

### **Meridian Luxury Apartments**

*San Bruno, CA*

338,000 s.f. 5-story metal stud structure with 300 apartments with a 5-story enclosed within the apartment building. \$42 million

### **Copart Corporate Headquarters**

*Fairfield, CA*

105,000 s.f. 3-story concrete tilt-up office building with interior. \$14 million

### **Mathis Brothers**

*Ontario, CA*

420,000 s.f. 2-story warehouse and showroom out of 45 foot tall 2-story concrete tilt-up on a 15 acre site with 800+ parking stalls. \$20 million

### **Paragon Luxury Apartments**

*San Bruno, CA*

290,000 s.f. 4-story wood frame structure with 185 apartments built over a 2-story parking structure. \$35 million

### **Tri-Valley High School**

*Livermore, CA*

Schematic design of a high school campus, including gym, auditorium, library, classrooms, pool, football and 3 baseball fields.

### **Kiewit, West Coast Office**

*Fairfield, CA*

32,000 s.f. 2-story concrete tilt-up build to suit with interior. \$4 million
