CONTINUING EDUCATION PROGRAM-2008

April 2008

“Solutions for Large Openings”

Presented by: Kevin Mowery – Nana Wall Systems

This highly informative program will give participants the information they need to confidently design innovative projects using operable glass walls. Participants will learn the differences between folding and single track sliding wall systems and how and where they are used. Learn how stringent product testing supports design freedom, and view imaginative new applications in an ever-increasing market place.

In this 1-hour program, participants will learn about:

- Definition, capabilities, and usage of large moveable wall systems
- Answers to the most commonly asked questions on the subject of door systems for large openings
- New ideas and markets for large folding and sliding door systems

Tuesday, April 8, 2008
Noon-1:00 pm
HMC GROUP
1570 The Alameda, Suite 330
San Jose

Wednesday, April 9, 2008
Noon-1:00 pm
Hawley Peterson & Snyder
444 Castro Street, Suite 1000
Mountain View

Bring your AIA number and your credits will be registered automatically.
Programs are free.
